

MESSAGE FROM THE PRESIDENT: IN CASE OF BAD WEATHER

Last month we were unprepared for a sudden snow storm that wiped us out. So from now on during the winter season we have set up a weather advisory. If any member feels that the weather is risky they can call any of the following by phone between 5:00 and 7:00 pm on the day before the meeting for the decision whether or not the meeting will be held, a decision which will be made by the Presidents:

Frank Leighton 617-249-9261

Shelley or Bob Monaghan 617-586-3541

Palmer Sevrens 617-933-1127

UPDATE OF MAINE LOCALITIES (as of 1986) courtesy of Dana Morong

NEWRY MINES

BLACK MTN MINES

Joe Martin Minerals (on Martin Road)

P.O. Box 5

Rimford Pt., ME 04279

\$5 fee

Free brochure: 364-3355

EMMONS MINE, Greenwood--Under contract, presumably closed (according to G. Bearss)

TAMMINEN-WAISANEN MINE--Under contract

BENNET MINE--\$5 fee

MOUNT RUBELLITE---closed due to "mining"

MT. APATITE REC. AREA--still open!

MOUNT MICA--still open I guess in good weather, \$2 fee. (I saw some absolutely superb cookeite from here in someone's collection. I never knew cookeite could be beautiful, and excellent form!)

HARVARD MINE--still open in good weather

DUES ARE DUE!!!!

Don't forget to check your mailing label on the envelope you receive with your bulletin. All those who have paid their 1987 dues up to the time of printing this bulletin will have "87" after their name. Those with "86" after their name should send their dues or bring them to the next meeting.

FIELD GUIDE AVAILABLE

Ann Sabina has recently (1986) written a field guide to the Bancroft--Parry Sound area. Titled ROCKS AND MINERALS FOR THE COLLECTOR, it is available by mail from: Canadian Government Publishing Centre, Supply and Services Canada, Hull, Quebec, Canada K1A 0S9; and from: Geological Survey of Canada offices, 601 Booth Street, Ottawa, Canada K1A 0E8

Ask for: Geological Survey of Canada Miscellaneous Report 39

\$10 Canada, \$12 other countries
