

MICROMOUNTERS OF NEW ENGLAND

Our next meeting will be held at yet another new location. This will be the Massachusetts 4-H Youth Center
466 Chestnut Street
Ashland, Mass.

The date:- Saturday, April 5th, 1975. 10 A.M. to 4P.M.

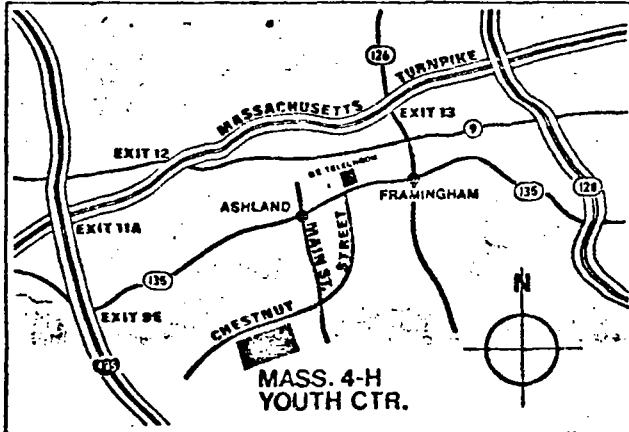

The "theme" for this meeting will be The Unusual Specimen, be it collected, purchased, or traded. It could be from a foreign location, a site now lost or obliterated, or a single occurrence. If everyone can bring 6 or 10 such pieces, we can all see something new and interesting. For example, I'll bring a few specimens from Europe and Africa, and some nice Anatase from a spot now hopelessly buried in Rhode Island.

There are sketchy plans for future meetings and field trips, but we will welcome any ideas and suggestions from the membership. So please speak up at the meeting.

Carl Calderara Pres.

MASSACHUSETTS 4-H YOUTH CENTER
MASSACHUSETTS 4-H FOUNDATION, INC.
466 CHESTNUT STREET
ASHLAND, MASSACHUSETTS 01721
(617) 881-1243

Note:- I've used the map, and it's a snap, really

There are resterants nearby, but I would suggest bring a bite.

There will be coffee ready at noontime.

Via Rte. 9: Follow Rte. 9 to Rte. 126 and continue to Framingham center. Take Rte. 135 to Ashland.

Via Mass. Pike (eastbound): Take exit 11A (I-495 South). See below.

Via I-495: Take Exit 9E (Hopkinton) and follow Rte. 135 to Ashland.

Via Mass. Pike (westbound): Take Exit 13 (Rte. 30). Follow Rte. 30 one mile to Rte. 126 and continue to Framingham center. Take Rte. 135 to Ashland.

In ASHLAND: From Rte. 135 take Main St. or Chestnut St. and follow map.
