

MICROMOUNTERS OF NEW ENGLAND NEWSLETTER

The MMNE was organized on November 8, 1966 for the purpose of promoting the study of minerals that require a microscope

No. 297

May, 2009

OFFICERS 2008-2009

President

Joseph Mulvey (603) 880-4018 bassmeister_2000 @yahoo.com

Vice-President

Gordon Jackson (603) 783-4493 gsj8544@aol.com

Treasurer

Anna Wilken (603) 536-2013 microxl@mfire.com

Secretary

Bob Wilken (603) 536-2013 microxl@mfire.com

Director

Gene Bearss (207) 324-3610

Newsletter Editor

Tom Mortimer (603) 673-4039 tjmort@comcast.net

Current Meeting

Saturday, May 16, 2009
American Legion
Post #279
88 Bancroft St.
Auburn, MA
Set-up 8 am
Symposium start 9 am

Map and driving directions are on last page

For information regarding MEETING CANCELLATION due to inclement weather, Joseph Mulvey (603) 880-4018 bassmeister_2000 @yahoo.com

Next Meeting: Saturday, May 16, 2009. It's here! The 2009 Micromounters of New England Annual Symposium will be held on May 16 at the American Legion Chester P. Tuttle Post #279 located at 88 Bancroft Street Auburn, MA. See map directions on last page of this newsletter. Member volunteers to assist with the symposium set-up are encouraged to arrive at 8 am. The Symposium formally opens at 9 am. We are fortunate to host Laszlo Horvath speaking on Rare earth minerals of Mont Saint Hilaire.

Reminder: New 2009 members area password for MMNE web site

To access the members' area, you will need the new club account. It's a secret only for 2009 paying members so don't tell anyone! Login is "2009member" and the password is "optic". Use all lower case and no spaces or quotation marks.

Annual Election

The short business meeting at the symposium will include elections to fill all positions for the 2009-2010 season. At the April meeting the following candidates were nominated for these seats:

President: Joe Mulvey
Vice President: Gordon Jackson
Treasurer: Tom Mortimer
Secretary: Bob Wilken
Director: Gene Bearss
Director: Anna Wilken
Newsletter editor: Joe Mulvey

Updated By-laws

The by-laws were published in the April Newsletter for member review. They contained all the corrections we discussed during the year. Ratification of the by-laws will also be performed at the business meeting.

Symposium Donations

We have had fantastic donations to the sales, silent auction, and give away tables from: Pat Barker, Ron LePage, Dana Jewell and Inge Burggraf, Bob Janules, Jim Cahoon, Michael Swanson, Bill Henderson, Gene Bearss and Joe Mulvey.

Be on the lookout for some superb material in the give away area from Gene that includes quality stuff from Mineral Hill, Wakefield, NH, Palermo #1 in North Groton, NH and Emmons Quarry in Maine.

I am sure that Bob Janules work of art - a fractal resembling Vivianite will certainly be hotly contested in the silent auction.

Page 2

Micromounters of New England Newsletter

May, 2009

The Newsletter is the official publication of the Micromounters of New England (MMNE). The last by-laws revision was April 19, 2003. The MMNE is a member of the Eastern Federation of Mineralogical and Lapidary Societies (EFMLS) (http://www.amfed.org/efmls) and the American Federation of Mineralogical Societies (AFMS) (http://www.amfed.org). Material from the Newsletter may be copied in other rock and mineral publications if credit is given to the author and the Newsletter and permission has been obtained from the author. If there are questions regarding copying contact the editor. The club address is c/o the Secretary. Meetings are held monthly, September through May, except for December, and usually on an informal basis in July. Meeting sites may change and will be posted in the Newsletter as far in advance as possible. Visitors are welcome to attend all meetings. Bring a microscope and light source if you have one.

Dues are \$12/year for a single person and \$15/year for a family membership, levied on a calendar basis. The family membership includes two adults and all children under 18 living at the same address. One copy of the Newsletter will be sent on a family membership.

President: Joseph Mulvey 24 Skyline Drive Nashua, NH 03062-3516 Vice President: Gordon Jackson, PO Box 600, Canterbury, NH 03224-0600 Treasurer: Anna Wilken, 79 Meadow Lane, Campton, NH 03223 Secretary: Robert Wilken, 79 Meadow Lane, Campton, NH 03223 Director:

Symposium Donations continued

I am also happy to report that all three mineral dealers I contacted have responded with super donations. Thank you again to

- Dan Weinrich of Weinrich Minerals http://www.danweinrich.com
- Larry Rush of ConnRox Minerals http://www.connroxminerals.com
- Jim Daly of Sauktown Minerals http://www.sauktown.com

Dan Weinrich donated a superb, large dogtooth calcite crystal, Larry Rush donated a suite of great looking minerals from Portugal and Jim Daly donated 2 suites of specimens, a set of 6 from MSH and a set of 6 from Michigan.

Thanks so much to these vendors for donating such great material! If you are in the market for purchasing specimens I can personally vouch for the character of these three companies. I would recommend them all in a heartbeat for your next mineral purchase.

ConnRox Minerals **Good Prices, Good Minerals**

www.connroxminerals.com

Dan & Diana Weinrich

Dealers in Fine Mineral Specimens - Since 1989!

New and Old Officers

With the elections taking place at the May Symposium I would like to note a few things about the past officers and the new suits coming in.

First, thank you to **Anna Wilken** for all of her years of service to the club as the Treasurer-extraordinaire. During her multiple terms she slowly inherited more and more responsibility until her position resemble less of a Treasurer and more of jack of all trades with duties like catering arrangements and symposium hall bookings!

I am sure that Anna is quite relieved that **Tom Mortimer** has stepped forward to trade his Newsletter Editor cap for the Treasurer's visor. A big thanks to Tom for helping out the whole club. Tom's newsletters and his articles have been great. This past year the newsletter has been rather enjoyable to assemble. We have had some luck in getting some super articles from Tom and the club camera has allowed us to share many of the specimens historically only visible at the club meetings.

With Tom exiting from the newsletter editor and no other member willing to take up the position, I have volunteered to step into this job as well. Now the club has me, **Joe Mulvey**, as president, web master and newsletter. If this was tic-tac-toe, I would have won! If anybody wants to become newsletter editor, or write an article please talk to me!!!

Subject: The rare-earth minerals of Mont Saint-Hilaire

Speaker: László Horváth

László, originally from Hungary, and his wife Elsa, originally from Switzerland, have been collecting minerals since 1971. They have first visited the Demix and Poudrette quarries at Mont Saint-Hilaire (MSH) in the fall of 1971 and quickly became passionately interested in minerals in general and in the minerals of this fabulous locality in particular. After nearly four decades this interest remains strong as ever. Their interest from the very beginning also included such other nearby localities as the Francon quarry and the Saint-Amable sill. Some of you may remember that László gave a talk to this group on the mineralogy of the Saint-Amable sill in 1999. From the mid 1970s to mid 1980s the Horváths lived 11 miles from MSH, 8 miles from the quarry at Saint-Amable and 14 miles from the Francon quarry, an ideal location for anybody interested in these alkaline intrusions. The Saint-Amable locality especially was treated as almost a "private" collecting site for many years and was brought to the attention of the collecting community mainly through their work of more than twenty years (Horváth et al. 1998). They still live in the Montréal area but the distance from their home to the quarries at MSH and Saint-Amable increased to 64 miles. Over the nearly four decades of collecting, their interest further expanded to the mineralogy of alkaline complexes worldwide and they have visited many such complexes in Norway, Brazil, Germany, Greenland and the USA. This interest and their preference for self-collecting is reflected in their collection of over 16000 catalogued specimens, more than 9000 of these are self-collected from Quebec localities and 1500 from various worldwide localities visited. About 70% of the specimens are from alkaline complexes and there are about 2000 analyzed (XRD, microprobe or both) specimens in their collection, many of which represents the first identified specimen of a species for the locality. There is no size limitation in the Horváth collection as specimens range from football size to nearly invisible speck; about 7000 are micromounts.
